INTERNSHIP

- **Cognifyz Technology** - As Full Stack Developer Intern
- **Ethara AI** - As LLM Post Training Intern

PROJECTS

E-Commerce Using MERN Stack(Deployed) [\[?\]](https://ecommerce.babuali.tech) - (<https://ecommerce.babuali.tech>) **2024**

- Developed a full-stack eCommerce platform with product catalog, cart, authentication, and secure checkout.
- Built using React, Node.js, Express, and MongoDB with responsive UI and real-time database integration
- Implemented REST APIs, handled debugging, and deployed scalable backend services

Student Accommodation Website **2025**

- Developed a responsive web platform that connects students with affordable housing options.
- Implemented features such as property listings, search & filter functionality, user authentication, and booking requests to streamline the accommodation process.

Doctor Appointment Booking Website **2026**

- Built a fully functional Doctor Appointment Booking System using the MERN stack, enabling patients to browse doctors, check availability, and book/manage appointments in real time.
- Implemented REST APIs, handled debugging, and deployed scalable backend services
